VoiceMail Beta Testers Needed – You could win

\$100 in call time credit!!!*

*SPAWAR VoiceMail is now in beta testing. If you'll join our beta test team, we'll give you free voicemail for the first 30 days, we'll add \$5 of call time credit to your account and you will be entered into a weekly drawing for **\$100 in call time credit***. All that we ask is that you complete a quick survey once each week for three weeks.*

Use SPAWAR VoiceMail as your time zone bridge. It gives family and friends the ability to leave their thoughts for you to hear and replay when you have time. You simply give them your mailbox number and connect to voicemail later to hear their messages. Your family and friends can have a mailbox too, so that when they are sound asleep and you're wide awake, you can leave your message for them to retrieve when the sun comes up. All it takes is an active account for each voicemail box. There's no monthly fee and voice mail deposits are free. Retrievals are charged at the low standard U.S. rate of 4 cents per minute.
